Tony reported that he contacted AKRF about the plans for the ponds. He has not gotten a return call.

Discussion: If AKRF reports that only 15-20% of the ponds can be fixed then we should reevaluate the work suggested, and if only 50% of the ponds can be fixed, again then reevaluate the expenses. We have spent \$68,000 to date with AKRF.

Village Landscaper met with Tony and Amy to get an estimate for the vines and down tree removal.

Bellville estimate was \$1850 for vines
\$525 for 2 trees and another \$500
for 2 others.

Amy will contact another landscaper for another estimate.

Amy will contact Sherry from Site Specialists for another estimate for smaller benches and without backs.

We discussed mailing of brochures to outside the village and placing them stores in Suffern.

Get an estimate for brochures from Speed O Print

Map out the bench locations in the park

Is it tax deductible if a check is written out to the Montebello Civic Association for the donation of a bench? Amy will follow up with Debbie M.

The Mayor made the presentation to Warren along with the planting of a Crimson King Maple tree in honor of Arbor Day.

Camp Out: Tony suggested that we do not hold the camp out this year as we had very poor attendance last year. Discussion to hold it every other year to see if there is more interest.
