Minutes of March 12, 2014 approved- Bob C/Tony all were in favor
April 3, 2014 approved- Robert/Bob all were in favor

Tony spoke of the Permit from the DEC-it is delayed pending the
notification of the community that is within 5 miles down stream of the
ponds.

An RFP should be done for the chemical applications to the ponds. Tony
will speak with Debbie for get the bids in.

We postponed the dredging until late summer or early fall due to the
lingering odor in the park during the summer while people are there.

Can't build the shelf in the pond because the dredging is post-poned,
and a material from the dredging was going to be used.

Question: When should the shelf be done if we don't dredge?

Resolution: Dredging will not be done early summer, it will be held off
until the late summer. Tony made the motion-Howard 2nd and all were
in favor.

Howard will call Sonny King to follow up with the chemical application.

Amy reiterated the installation of fountains and bubblers being installed
to keep the water moving. Solar should run the equipment.

Amy will find out how much the solar panels were at Village Hall and
the Community Center.

Clean-Up Day- Bob Congionti reported that it was a light turn out. This was the weekend before the holiday. Suggestion; choose another Saturday.
